

Maze link:

<https://t.maze.co/469523310>

The screenshot shows the Maze application interface in a web browser. The browser's address bar displays the URL <https://app.maze.co/projects/469523308/mazes/469523310/results/share>. The page title is "New maze 1". The navigation bar includes "Build", "Share" (active), "Results", and "Report".

The main content area is titled "Share your maze with testers". It features a sidebar with icons for Desktop and Tablet, and a "Clips not enabled" status. There are two buttons: "Study requirements" and "Stop study".

Below the sharing options, there are four cards:

- Copy maze link**: Invite testers via your own channels.
- Hire panel participants**: Get insights in hours from a verified global pool.
- In-Product Prompt**: Embed as a popover on your live website.
- Send Reach Campaign**: Email to a Segment of your own testers. (Status: UNAVAILABLE ON TRIAL)

The "Performance" section shows a table with the following data:

| NAME                                     | SENT | STARTED | COMPLETED |
|--|------|---------|-----------|
| URL Link<br>Live - Created: a minute ago | —    | 1       | 1 (100%)  |

The bottom of the screen shows a Windows taskbar with the date and time: 12:51 PM, 16/11/2025.
